"To advocate and promote meaningful participation in all aspects of life for Floridians with developmental disabilities"

Developing a Postsecondary Career and Technical Education Program to Support Students with Intellectual and Developmental Disabilities: Replication Guide Based on Project Achieve at Florida State College at Jacksonville

Section 1: An Inside Look at Support Postsecondary Career and Technical Program at Florida State College at Jacksonville. This booklet provides an overview of Project Achieve, an inclusive program designed to expand access to Postsecondary Career and Technical programs for students with intellectual and developmental disabilities.

Section 2: Launching a Support Postsecondary Career and Technical Program, is for those who are interested in replicating a Support Postsecondary Career and Technical Program at a public state college or community college. This section outlines the tasks involved in developing a program that provides a support system that assists students with intellectual and developmental disabilities to attend classes and earn certification alongside their peers without disabilities. For a downloadable copy of Section 2 [Click Here](#)

There are now webinars that accompany the Replication Guide Based on Project Achieve at Florida State College at Jacksonville. The two webinars explain the replication process and are available on the FSCJ website. [Click Here](#)

Expanding Career and Technical Education Opportunities for Students with Disabilities

This webinar describes how equal access to Career and Technical programs can be provided for all students. Jane Sylveria (Division of Career and Adult Education), Lynda Earls (Division of Florida Colleges) and Tury Lewis (Project 10) share their experience regarding entry requirements, exit requirements, available accommodations, dual enrollment, Federal laws, Florida State Statutes, support services, and more. The content of this webinar is relevant for staff of Florida Colleges, staff of Career and Technical Centers, and students with disabilities and their parents. [CLICK HERE](#)

Sexuality Across the Lifespan for Children and Adolescents with Developmental Disabilities

An instructional guide for Parents/Caregivers of individuals with developmental disabilities.

Disability Awareness Through English and Language Arts: Resources for Middle School and High School

This guide was created for educators and families to promote positive attitudes toward, and facilitate successful inclusion of, students with disabilities; increase respect and acceptance of individual differences; increase understanding of disabilities and related social issues; and facilitate the development of English and language arts skills through activities about disability awareness. These units meet the Florida Standards and are also housed on the CPALMS website.
