SECTION 1:

PROGRAM OVERVIEW FOR RFP # 2011-EM-9007

TITLE: Employ Me 1st

SECTION 1: BACKGROUND, NEED AND PURPOSE, STATEMENT OF WORK, AND REQUIRED PROPOSAL CONTENT

1. Background

The Florida Developmental Disabilities Council, Inc. (FDDC), also known as the "Council", a non-profit corporation organized pursuant Chapter 617, Florida Statutes, was authorized by Section 393.002 Florida Statutes, and Executive Order of the Governor (E.O. 95-478), empowered the Council to act as the "state designated agency" to administer the funds under Part B of the Developmental Disabilities Assistance and Bill of Rights Act (Public Law 106-402).

The administrative service provisions for the Council are found in federal regulations Office of Management and Budget (OMB) Circular A-110 and 45 Code of Federal Regulations (CFR) 74.

The developmental disabilities formula grant funds come from the U.S. Department of Health and Human Services (DHHS) and are administered by the Administration for Children and Families (ACF). Funds are authorized by P.L. 106-402: Developmental Disabilities Assistance and Bill of Rights Act of 2000, and are cited in 42 U.S.C. 6000, et. seq., as amended. Funds are made available to the states to be used for improving the quality, extent, and scope of the broad range of community services needed by persons with developmental disabilities. Priority is given to those persons whose needs are not otherwise met under the Individuals with Disabilities Education Act, the Rehabilitation Act of 1973, or other health, education, or welfare programs.

In accordance with the federal Developmental Disabilities Assistance and Bill of Rights Act, 42 U.S.C. s. 6001(8), developmental disabilities is defined as a severe, chronic disability of an individual which: A) is attributable to mental or physical impairment or combination of mental and physical impairments; B) is manifested before the person turns age twenty-two; C) is likely to continue indefinitely; D) results in substantial functional limitations in three or more of the following areas of major life activity --self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and E) reflects the person's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are individually planned and coordinated; except that such term, when applied to infants and young children means individuals from birth to age nine, inclusive, who have substantial developmental delay or specific congenital or acquired conditions, may be considered to have a developmental disability described above, if, without services and supports, they have high probability of meeting those criteria later in life.

2. Need and Purpose

Historically, the intrinsic and financial value of employment has been a part of the habilitation of individuals with developmental disabilities. During the age of the large institutions (late 1800's through the mid 1900's) some component of work was generally available, primarily for therapeutic value rather than financial gain. The movement toward sheltered workshops in the 1960's recognized again the value of work or "work-like" activities in the development of individuals with developmental disabilities and put more emphasis on financial gain. However, most participants were paid at subminimum wage making a fraction of the normal or minimum wage. Sheltered workshops evolved over the years into the more recognizable Adult Day Training programs of today but retained the subminimum wage configuration.

Over the years, the advent of supported employment, customized employment and other advanced technologies have allowed individuals with more severe challenges the opportunity to become competitively employed in the community with the ability to earn wages at the same level or higher than

nondisabled individuals. As these technologies have advanced, the need for segregated services has diminished. However, the service delivery system has continued to utilize the older and less sophisticated services that tend to absorb precious resources in an inefficient manner, send conflicting messages and lower expectations for people with developmental disabilities and the community at-large.

By almost all measures, employment surpasses ADT/segregated services. Based on information presented in the Medicaid FREEDOM Database of October 2006:

- Florida spends \$2,816.47 per individual on Supported Employment Services.
- In the same time period the state per individual cost for ADT Services was \$6,433.34.
- Outcome Measures (including customer satisfaction) for Supported Employment was 68.60%.
- Outcome Measures (including customer satisfaction) for ADT Services was 36.80%.

What does this mean? For every 10 people served in an ADT program, you can serve 23 in Supported Employment and those 23 people will demonstrate program satisfaction and customer satisfaction at a 90% higher rate than ADT programs. Based on this information and other studies that produce the same results the question becomes “why are we continuing to spend the vast amount of our service dollars on marginal programs that produce unacceptable results?”

As Neil Romano, the previous Assistant Secretary for the U.S. Department of Labor’s Office of Disability Employment Policy said in a memo dated 1/15/09: “The greatest challenges are not with employers or people with disabilities themselves, but with our public system of disability assistance. Limited coordination of benefits and services across agencies and conflicting policies make it more difficult for a youth or adult with a disability to become self-sufficient and participate fully in all of the benefits our nation has to offer.”

In order to overcome these challenges, several states are utilizing an Employment First policy to make systemic change to their service delivery systems. Employment First is defined as follows: **A system where current funding for employment programs shifts away from sheltered workshops and other non- competitive settings and moves toward a system where supported and integrated employment is the first option available for all individuals with developmental disabilities.**

The purpose of this project is to research and evaluate the various Employment First strategies being utilized in other states and evaluate the viability for utilization of these strategies in Florida. Once viable strategies have been identified, the selected provider will work to develop an action plan with key stakeholders for implementation that will include action steps and evaluation points for determining success of the process. The selected provider will foster partnerships and stakeholder action to implement and then begin facilitating implementation of the action plan points. The overall intended goal of the initiative is to have Florida adopt and employment an Employment First policy to make meaningful employment the primary outcome for persons with developmental disabilities.

3. Statement of Work

The Council is looking to contract with an entity to (1) research and develop a detailed report on Employment First initiatives across the country; (2) evaluate those initiatives to determine which strategies would be most effective for Florida; and (3) develop with key stakeholders a detailed Employment First implementation plan for Florida and a marketing plan to increase broad stakeholder awareness and interest in the initiative and 4) develop partnerships and generate key stakeholder interest and action in developing and implementation of the Employment First Plan

In Year 1 of the project, the specific objectives include, but may not be limited to, the following:

1. Establish an advisory committee to provide guidance on project implementation.

2. Develop a list of states that have implemented, or are currently implementing, an Employment First strategy or policy.
3. Research and analyze the strategies used by the states.
4. Develop an evaluation process and evaluation instruments, if needed, to determine the effectiveness of each strategy.
5. Develop a list of the barriers each state faced/faces in the development and implementation of Employment First.
6. Utilizing focus groups and other established evaluation methodologies, determine barriers and opportunities in Florida to the implementation of Employment First. This evaluation will include but not be limited to discussion of the following elements:
 - a. Service delivery issues
 - b. Policy issues
 - c. Funding issues
 - d. Statutory issues
 - e. Self Advocate/family issues
7. Compare the issue findings in Florida with the issue findings in other states to develop areas of similarity and possible solutions for Florida.
8. Develop a detailed plan for implementation of an Employment First policy in Florida, utilizing all the data gathered and including key stakeholders, measurable goals, objectives and action steps, time frames and responsible person or entity.
9. Develop marketing plan and tools to support the implementation plan.

In Year 2 of the project, the specific objectives include, but may not be limited to, the following:

1. Continue to work with the established advisory committee to provide guidance on project implementation.
2. Implement the marketing and Employment First implementation plan.
3. Provide monthly reports on the progress of the plan implementation.
4. Facilitate meetings and outreach efforts as needed to ensure project effectiveness.
5. Develop and use a self-correcting mechanism to reassess the implementation plan activities to ensure coordinated efforts will result Employee Me 1st success.

Please note that the FDCC believes it will take at least two (2) years to fulfill the purpose of this project; however, the development of a Year 2 project will depend on an evaluation of the work completed in Year 1 and the availability of FDCC funding.

SECTION 3: PROPOSAL EVALUATION CRITERIA AND SCORING

1. Selection Committee

A Selection Committee of not less than three people will be used to read, evaluate, and rank properly submitted proposals. The Selection Committee will be comprised of members of FDDC and, if necessary, others with pertinent backgrounds.

2. Selection Committee Evaluation

The maximum possible score for any proposal is 100 points. **Proposals that score less than 70 are ineligible for award under this RFP.** While developing the proposal, please refer to the scoring criteria below for assuring completion.

The selection committee will consist of a minimum of three members. Each member will read and score each proposal independently, discuss each proposal jointly, and then submit final results for tabulation. The quantitative score from each member will be averaged and a final score will be assigned to the proposal. Scores will be ranked in numerical order and submitted to the Council's Chief Financial Officer.

The highest ranked proposal will be funded through this RFP. If negotiations with the highest ranked contractor are unsuccessful, the proposal will no longer be considered, and the next highest ranked proposal may be contacted for negotiation. This process will continue until a contract is awarded, or until the selection committee recommends otherwise. All proposals will remain with the Council and will not be returned to the offeror after the RFP process is completed. Scored criteria are grouped into the following categories and weighting:

1.0 Response to Need and Purpose (15 Maximum points)

The proposal contains sufficient information to determine that the offeror understands the need for and purpose of this project.

2.0 Description of Objectives/Services to be Provided (35 Maximum points)

4.0 Description of Project Monitoring and Evaluation (10 Maximum points)

The proposal contains a description of the system used to monitor and evaluate project implementation and effectiveness. The description should include an explanation of (a) how the provider will monitor the progress of the work and accomplishment of the outcomes; (b) how the provider will identify and address any project issues, problems, or concerns, as they emerge; and (c) how the provider will evaluate the effectiveness of the project beginning in year one and subsequent years (should additional years of this project be funded, based on Council approval and availability of funds).

The proposal includes a proposed line item budget, accompanied by a detailed budget narrative, on a separate sheet of paper. The budget narrative must explain and demonstrate that each entry on the line item budget sheet is allowable, reasonable and necessary. The budget and budget narrative must present a

cost-effective funding level for achieving the purpose of the project.

TOTAL MAXIMUM POINTS 100

3. Identical Tie Bid

When evaluating proposals, if the Council is confronted with identical pricing or scoring from multiple providers, the Council will invite the proposers with the tie bids to each make an oral presentation. Following the presentation and a question and answer period, the committee will select the proposal deemed in the best interest of the Council.

4. Posting of Proposals Ranking

Ranking of responses to the RFP will be posted at 124 Marriott Drive, Suite 203, Tallahassee, Florida 32301-2981 and on FDDC's website at (fdcc.org) in accordance with the Proposal Schedule of Events and Deadlines listed in Section -4 of this document. The notice will be posted for 72 hours (3 working days).

5. Administrative Pre-Site Visits

The basis for administrative pre-site visits is for FDDC to determine an agency's programmatic and fiscal eligibility for the RFP. An administrative pre-site visit does not guarantee awarding of a contract to an offeror. FDDC reserves the right to conduct an administrative pre-site visit for award determination if an organization meets any of the following criteria:

1. The organization has not previously contracted with FDDC;
2. The organization has contracted with FDDC and has had a corrective action plan; or
3. FDDC has received information that warrants further investigation of that organization.

6. Protests

Any offeror, who desires to protest either the content in this procurement solicitation or the proposed ranking, shall do so in accordance with the Procurement Policy of FDDC. Failure to initiate a protest within the 72 hours after the rankings are posted as prescribed in the Procurement Policy, or failure to post a bond or other security in accordance with that Procurement Policy shall constitute a waiver of proceedings under the Procurement Policy. The Procurement Policy can be obtained by contacting the Chief Financial Officer.

7. Offeror Disqualification

To be disqualified as an offeror under this provision, the offeror must have: (1) had a contract terminated by FDDC for cause; or (2) developed or drafted specifications, requirements, statements of work, invitations for bids and/or requests for proposals contained within this RFP before its publication in the Florida Administrative Weekly and/or the FDDC web site.
