SECTION 1:

PROGRAM OVERVIEW FOR RFP # 2011-HC-9001

TITLE: Coping with Stress – A
Guide for Caregivers

SECTION 1: BACKGROUND, NEED AND PURPOSE, STATEMENT OF WORK, AND REQUIRED PROPOSAL CONTENT

1. Background

The Florida Developmental Disabilities Council, Inc. (FDDC), also known as the "Council", a non-profit corporation organized pursuant Chapter 617, Florida Statutes, was authorized by Section 393.002 Florida Statutes, and Executive Order of the Governor (E.O. 95-478), empowered the Council to act as the "state designated agency" to administer the funds under Part B of the Developmental Disabilities Assistance and Bill of Rights Act (Public Law 106-402). The administrative service provisions for the Council are found in federal regulations Office of Management and Budget (OMB) Circular A-110 and 45 Code of Federal Regulations (CFR) 74.

The developmental disabilities formula grant funds come from the U.S. Department of Health and Human Services (DHHS) and are administered by the Administration for Children and Families (ACF). Funds are authorized by P.L. 106-402: Developmental Disabilities Assistance and Bill of Rights Act of 2000, and are cited in 42 U.S.C. 6000, et. seq., as amended. Funds are made available to the states to be used for improving the quality, extent, and scope of the broad range of community services needed by persons with developmental disabilities. Priority is given to those persons whose needs are not otherwise met under the Individuals with Disabilities Education Act, the Rehabilitation Act of 1973, or other health, education, or welfare programs.

In accordance with the federal Developmental Disabilities Assistance and Bill of Rights Act, 42 U.S.C. s. 6001(8), developmental disabilities is defined as a severe, chronic disability of an individual which: A) is attributable to mental or physical impairment or combination of mental and physical impairments; B) is manifested before the person turns age twenty-two; C) is likely to continue indefinitely; D) results in substantial functional limitations in three or more of the following areas of major life activity --self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency; and E) reflects the person's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are individually planned and coordinated; except that such term, when applied to infants and young children means individuals from birth to age nine, inclusive, who have substantial developmental delay or specific congenital or acquired conditions, may be considered to have a developmental disability described above, if, without services and supports, they have high probability of meeting those criteria later in life.

2. Need and Purpose

Caregivers of individuals with developmental disabilities provide physical, emotional, and other supports to those they care for, often for decades or more. Being a caregiver often causes considerable difficulties that can have a negative impact on physical and psychological health. Research has long documented that caregivers report increased feelings of stress, lower levels of subjective well-being, and lower levels of self-efficacy, compared with those who are not caregivers (Pinquart & Sörensen, 2003). Such findings highlight the importance of identifying effective coping strategies that can alleviate stress, as well as emphasizing the need to educate caregivers regarding available resources.

The original booklet "Coping with Disability Related Stress" was first published by FDDC in 1995 and was reprinted in 1998 and 2000. The original booklet provides information about stress, tips for preventing and coping with stress, and referral resources. A thoroughly updated booklet is needed to serve as a valuable guide for current caregivers of individuals with developmental disabilities.

3. Statement of Work

The Council seeks to contract with an entity that will be responsible for working with the Council's Health Care and Prevention Task Force to plan and develop a publication to address the specific needs of caregivers of individuals with developmental disabilities. This publication will be modeled on the original "Coping with Disability Related Stress" booklet.

The original English version can be accessed at:

<http://www.fddc.org/sites/default/files/file/publications/CopingEnglish.pdf>

The original Spanish version can be accessed at:

<http://www.fddc.org/sites/default/files/file/publications/CopingSpanish.pdf>

The publication will include (at a minimum):

- Evidence-based information about stress, including the impact of stress on physical and emotional health
- Causes of stress and why individuals vary in their response to stress (in physical and emotional ways)
- Information about how caregivers can recognize signs of stress in themselves and in the individual with a developmental disability for whom they care (such as a questionnaire)
- Specific tips and strategies for coping with stress
- A section with specific information about how young children with developmental disabilities communicate stress and coping strategies for caregivers of young children with developmental disabilities
- Appropriate pictures and graphics in a professional-looking layout
- A "Frequently Asked Questions" section about caregiver stress
- A list of current resources with websites and phone numbers (hotlines, support groups, resource centers, etc.)

The publication will be written in plain language and directed at the target audience of caregivers of individuals with developmental disabilities. The selected provider will be responsible for the professional layout, graphic design, translation into Spanish, and printing of the publication.

FDDC and the Department of Health and Human Services shall have the royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to authorize others acting on behalf of the Council to do so.

The final print ready copy of the booklet will be provided to FDDC in both hard and electronic formats to include a camera-ready file and a file that can be edited. The final copies should include the FDDC logo and US Department of Health sponsorship language. The Council estimates that 3,000 copies of the booklet will be printed in English and 1,000 copies will be printed in Spanish.

This project will also have an advisory committee to include professionals and caregivers who may also serve as pilot testers of the publication.

EVALUATION AND AWARD

SECTION 3: PROPOSAL EVALUATION CRITERIA AND SCORING

1. Selection Committee

A Selection Committee of not less than three people will be used to read, evaluate, and rank properly submitted proposals. The Selection Committee will be comprised of members of FDDC and, if necessary, others with pertinent backgrounds.

2. Selection Committee Evaluation

The maximum possible score for any proposal is 100 points. **Proposals that score less than 70 are ineligible for award under this RFP.** While developing the proposal, please refer to the scoring criteria below for assuring completion.

The selection committee will consist of a minimum of three members. Each member will read and score each proposal independently, discuss each proposal jointly, and then submit final results for tabulation. The quantitative score from each member will be averaged and a final score will be assigned to the proposal. Scores will be ranked in numerical order and submitted to the Council's Chief Financial Officer.

The highest ranked proposal will be funded through this RFP. If negotiations with the highest ranked contractor are unsuccessful, the proposal will no longer be considered, and the next highest ranked proposal may be contacted for negotiation. This process will continue until a contract is awarded, or until the selection committee recommends otherwise. All proposals will remain with the Council and will not be returned to the offeror after the RFP process is completed. Scored criteria are grouped into the following categories and weighting:

1.0 Response to Need and Purpose (15 Maximum points)

The proposal contains sufficient information to determine that the offeror understands the need for and purpose of this project.

2.0 Description of Objectives/Services to be Provided (35 Maximum points)

The proposal contains a narrative description of the activities to be performed, including a detailed work plan that is adequate and sufficient to accomplish the requirements of the RFP and reflects the values and mission of the Council.

3.0 Description of Staffing (20 Maximum points)

Person(s) engaged to complete the activities of this project are qualified to perform the required duties, including relevant experience in the areas of developmental disabilities, caregiving, and stress, and are organized to meet the time frames established.

4.0 Description of Project Monitoring and Evaluation (10 Maximum points)

The proposal contains a description of the system used to monitor and evaluate project implementation and effectiveness. The description should include an explanation of how the provider will monitor the progress of the work and accomplishment of the outcomes. How the provider will identify and address any project issues, problems, or concerns, as they emerge. And how the provider will evaluate the effectiveness of the project beginning in year one and subsequent years (should additional years of this project be funded, based on Council approval and availability of funds).

5.0 Budget and Budget Narrative (15 Maximum points)

The proposal includes a proposed line item budget, accompanied by a detailed budget narrative, on a separate sheet of paper. The budget narrative must explain and demonstrate that each entry on the line item budget sheet is allowable, reasonable and necessary. The budget and budget narrative must present a cost-effective funding level for achieving the purpose of the project.

6.0 References (5 Maximum points)

At a minimum, two references will be contacted to obtain recommendations of the offeror's current and/or past performance. For offerors who have a history of contracting with FDDC, one of those references will be the FDDC assessment of performance.

TOTAL MAXIMUM POINTS 100

3. Identical Tie Bid

When evaluating proposals, if the Council is confronted with identical pricing or scoring from multiple providers, the Council will invite the proposers with the tie bids to each make an oral presentation. Following the presentation and a question and answer period, the committee will select the proposal deemed in the best interest of the Council.

4. Posting of Proposals Ranking

Ranking of responses to the RFP will be posted at 124 Marriott Drive, Suite 203, Tallahassee, Florida 32301-2981 and on FDDC's website at (fdcd.org) in accordance with the Proposal Schedule of Events and Deadlines listed in Section -4 of this document. The notice will be posted for 72 hours (3 working days).

5. Administrative Pre-Site Visits

The basis for administrative pre-site visits is for FDDC to determine an agency's programmatic and fiscal eligibility for the RFP. An administrative pre-site visit does not guarantee awarding of a contract to an offeror. FDDC reserves the right to conduct an administrative pre-site visit for award determination if an organization meets any of the following criteria:

1. The organization has not previously contracted with FDDC;
2. The organization has contracted with FDDC and has had a corrective action plan; or
3. FDDC has received information that warrants further investigation of that organization.

6. Protests

Any offeror, who desires to protest either the content in this procurement solicitation or the proposed ranking, shall do so in accordance with the Procurement Policy of FDDC. Failure to initiate a protest within the 72 hours after the rankings are posted as prescribed in the Procurement Policy, or failure to post a bond or other security in accordance with that Procurement Policy shall constitute a waiver of proceedings under the Procurement Policy. The Procurement Policy can be obtained by contacting the Chief Financial Officer.

7. Offeror Disqualification

To be disqualified as an offeror under this provision, the offeror must have: (1) had a contract terminated by FDDC for cause; or (2) developed or drafted specifications, requirements, statements of work, invitations for bids and/or requests for proposals contained within this RFP before its publication in the Florida Administrative Weekly and/or the FDDC web site.

8. Post Award & Contract Development

Upon expiration of the Protest Period, FDDC will contact the offeror selected for award to begin contract negotiation. As part of the contract negotiation process, conditions identified by either FDDC staff or the selection team will be addressed. If the offeror has had their financial statements audited, a copy of the most recent audit statement, along with any management letter, will be requested. Additionally, a completed W-9 form will also be requested.
