We are Heading into Florida's Budget Conference Process!

The House and Senate Budgets are heading to the House and Senate floors for passage. After the Budgets are passed, the House and Senate come together in Budget Conference to form one budget to send to the Governor. Please click here to see how major funding initiatives for the Agency for Persons with Disabilities (APD) compare.

The Senate Budget for APD and the iBudget is larger and covers the deficit, future utilization increases, three different provider rate increases and funding to transition people off the waitlist. The House Budget for APD covers the agencies deficits and funding for the waitlist.

The Council will be encouraging the members of the Senate Appropriations Subcommittee on Health and Human Services to hold their position and the House Health Care Appropriations Subcommittee to meet the Senate's budget.
