Module “Do” Session 1

Do Your Part in Following the Plan
KWL Group Informal Assessment

### KWL Chart

<table>
<thead>
<tr>
<th>Topic: What do you know about managing important information?</th>
</tr>
</thead>
<tbody>
<tr>
<td>What I Know</td>
</tr>
<tr>
<td>What do you want to know?</td>
</tr>
</tbody>
</table>

**How to use the KWL Chart:** The first two columns are filled in at the beginning of a unit to find out what learners already know about a topic, and what they want to know. The last column is filled in at the end of a unit. It can be used to identify mastery of a topic at a wide range of individual skill and ability levels.
Managing Information
Managing Information Discussion

Health Summary

• Who needs one?
• What is it?
• When needed?
• Where would you use it?
• Why is it useful?

Feeling good today...

- What is it?
- What kind of things do we write down?
- Why is it important?
Managing Information tools:

- My Health Passport
- Transition form in www.HealthyTransitionsNY.org
- Health Diary (diary, calendar, blog)
End of Session

Congratulations!
