Project Contract Period: All work shall be completed prior to September 30, 2023.

Purpose and Background of Proposal

PURPOSE:

This project seeks to conduct the research and planning necessary to advance the goal of creating an Access to Services through Knowledge (ASK) information and resource delivery system for individuals with intellectual and developmental disabilities (I/DD) and their families across the lifespan. The project will require significant collaboration with the Florida DD Network and the Family Care Councils. Additionally, research into existing web-based platforms will be conducted and culminate in a report on options for using an existing platform or creating a new, user-friendly platform to house the repository of resources.

BACKGROUND on ISSUE:

The Florida Developmental Disabilities Council contracted with the North Central Florida Health Planning Council dba WellFlorida Council to conduct a Comprehensive Review and Analysis (CRA) of state-wide and national data regarding issues facing individuals with intellectual and developmental disabilities (I/DD). Primary sources that were used to gather information included focus groups and surveys. Government reports, agency websites, and research articles served as secondary sources to provide information to the FDDC members to base their recommendations for identifying priority areas.

Concerns with access to information about available services, access to services, and system coordination for continuity of services were recurring themes among focus groups, key informants, and survey respondents during development of the Council's 2022-2026 State Plan. 99.3% of public respondents strongly supported the Council's plan for addressing access to services and supports.

Among the most critical findings is that there is no clearinghouse to connect individuals and their families to services, supports and programs.

There are estimated to be over 336,000 individuals in the State of Florida with I/DD (This calculation was based on the prevalence rate of 1.58 percent of the general population as reported by Larson and colleagues (Larson & Lakin, 2001). The general population used in these calculations was based on the U.S. Census Bureau ACS Single-Year Population Estimates for 2016-2018, Table DP05, 2016-2018. This overall prevalence rate is recommended for use in the development of 5-year plans by

the National Association of Councils of Developmental Disabilities, 2020. Based on this prevalence rate, the number of persons with I/DD has increased as Florida's population has grown. These individuals, along with their caregivers, need to access comprehensive, timely, information at various times across their lifespan (e.g., diagnosis, early education, school years, transition to postsecondary, adulthood, aging and aging caregivers). There are also critical factors that can increase the need to locate new, additional or different services and supports (e.g., mental health issues, medical conditions, co-occurring disorders, changes to life circumstances).

Approximately 50,000 individuals are known to, and meet the eligibility for, the Agency for Persons with Disabilities' services and supports; this includes over 22,000 Floridians reported on the DD Waitlist for services (University of Minnesota, Residential Information Systems Project (RISP), Research and Training Center on Community Living, Institute on Community Integration, 2017). In addition to the individuals on the waitlist who are not receiving any services or supports, there are others who are receiving inadequate/insufficient services and supports due to personnel shortages and other factors, and individuals who are at large (e.g., not identified and not on the waiting list), along with families simply not knowing what exists or how to access.

Some families and individuals with I/DD simply give up; others turn to peers, advocates, or state and local agencies and organizations with the wherewithal to serve as an advocate and/or assist them with negotiating the process.

The FDDC is seeking entities to apply who meet the following qualifications and can demonstrate the ability to fulfill the scope of work outlined in this proposal.

Preferred Qualifications:

1. Have relevant experience in:
 - a. Collaborating and facilitating diverse stakeholder groups
 - b. Developing, conducting and analyzing surveys, focus groups, and research reviews
 - c. Developing professional reports of findings and formal action plans
 - d. Conducting best practices research, including data-based decision making
 - e. Project management
2. Have experience working with individuals with intellectual and developmental disabilities and/or their family members across the lifespan.

Scope of Work and Services to be Provided:

1. Establish a steering committee comprised of the Council, the Mailman Center at the University of Miami, the Florida Center for Inclusive Communities at the University of South Florida, and Disability Rights Florida who will contribute to all facets of the service delivery system.
 - a. Convene a steering committee comprised of one or more members from each DD Network partner organization (i.e., the Council, the Mailman Center, the Florida Center for Inclusive Communities, and Disability Rights Florida).
 - b. Facilitate a minimum of four remote annual meetings.

- c. Solicit input and assistance from all key partners on all facets of work, including, but not limited to, the following:
 - i. Planning and conducting focus groups and/or interviews.
 - ii. Conducting research and developing content for the online repository.
 - iii. Identifying web-based platforms and/or recommending structure for a new platform.
2. Plan and conduct an Access to Services through Knowledge (ASK) state-wide research project designed to identify key community resources along the lifespan.
 - a. Plan and conduct focus groups and/or structured interviews in Florida's 15 Family Care Council areas with families representing individuals with I/DD from a variety of backgrounds to:
 - i. Identify key community resources across the life stages.
 - ii. Include public, private, for profit, and nonprofit community-based organizations that deliver services (e.g., hospice offering respite; YMCA offering free yoga classes; senior center offering craft activities, meals) in all 67 counties.
 - iii. Conduct research based on outcomes from the focus groups and/or structured interviews to verify community resources identified and develop content for an online repository that will serve as a single point of information for families.
 - b. Research existing web-based platforms used to access resources and evaluate the useability of these platforms (with or without modifications) that would result in a user-friendly platform for families.
 - i. Review existing, well-established platforms typically used by families seeking disability resources and/or used by information and referral specialists (e.g., Florida Alliance of Information and Referral Services [FLAIRS] platform, Agency for Persons with Disabilities [APD] platform, other industry "rating" platforms).
 - ii. Identify the strengths and gaps with each platform.
 - iii. Identify the key elements needed to address strengths and gaps and determine whether a new platform needs to be developed or an existing platform can be modified.
 - iv. Present research findings to the Council, including recommendations for a web-based platform.

Sections for Offeror to Complete

Section 1: Describe the organizational capacity of the offeror to meet the specified qualifications, address the need/purpose of this project, and complete the scope of work and services to be provided as described on pages two through four of this Invitation for Proposal.

The offeror must complete the **Research and Development for a Statewide Access to Services Information System** Work Plan Template, provided as a separate, editable document, and available on the Council's website at <https://www.fddc.org/invitation-for-proposals/> to describe their unique plans for implementing the scope of work, timeframes for completing the scope of work, and staff and/or providers who will perform the scope of work.

As prescribed by the Council's Invitation for Proposal Protocol, a sample of work must be provided and evaluated for projects with a primary end purpose of a written product or products. Attach a current sample of work, preferably aligned with the scope of work to be provided in this project.

Section 2: Provide the name of key staff who will work on the project, including educational background, length of time with the organization, and current title. Attach current resume or curriculum vitae (CV) of each team member to be involved in the project.

Section 3: Provide an all-inclusive cost to conduct work and a brief budget narrative using the attached format on page eight. Indirect cost cannot exceed a ten percent (10%) de minimus rate of modified total direct costs (MTDC) unless the entity has an approved federally recognized negotiated indirect cost rate in accordance with the Uniform Guidance. 2 CFR 200.414(f)

Calculate total hours to complete work and provide an hourly rate and total of hours for each team member involved. The budget narrative should explain and demonstrate that each entry on the line item budget is allowable, reasonable, and necessary. **The funds requested from FDDC must remain within the identified range of available funding.** The budget and budget narrative must present a cost-effective funding level for achieving the purpose of the project. **Costs must be in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance)** <https://www.gpo.gov/fdsys/pkg/CFR-2017-title2-vol1/xml/CFR-2017-title2-vol1-part200-subpartE.xml>.

Proposers must match \$1 for every \$3 requested to reach a 33.333% match of the total approved cost of the project. Documentation of 33.333% match of project expenses must be maintained. The match requirement may be satisfied by values placed on in-kind contributions or through contractor-incurred costs, or by a combination of the two. Costs paid by other federal grants may not be used for match. The match must fund activities directly related to the project. *Note: To calculate the match share for the 33.333% required match, divide the amount of your request by three. Then, to calculate the total contract amount, combine the one-third figure with the dollars requested (e.g., funds requested \$750,000 divide by 3 = match amount of \$250,000. \$750,000 + \$250,000 = total project cost of \$1,000,000).*

All proposed budget items and amounts are subject to final approval.

Section 4: Provide references using the attached format on page nine. Each proposal may contain up to seven (7) references who can be contacted to obtain a recommendation concerning the offeror's

performance in providing services similar to those required by this IFP. References must be based upon work done within the last five (5) years. **At a minimum, two (2) references will be contacted.**

Council members or Council staff must not be used as references. Additionally, prior performance assessments for offerors who have a history of contracting with the FDDC must not be used as references.

Section 5: Provide completed required Forms 1-6 by uploading electronically signed, dated, and scanned Portable Document Format (PDF) files at the specific Dropbox link.

Format for Submission

Offeror shall submit a written narrative answering each section in the “Sections for Offeror to Complete” (all five sections must be completed with section headings in the order listed above). Use a 12 point Arial font size, 1.5 space, and limit your response to 20 numbered pages, not including the Work Plan Template, resumes, curriculum vitae, references, and required forms. The Work Plan Template response must not exceed 20 numbered pages. Attachments beyond the Work Plan Template, Section 3 Budget Template with narrative, and required forms identified in Section 5 will only be used to support the IFP requirements.

All submissions must be in Portable Document Format (PDF) files.

All submissions must be marked with the Invitation for Proposal #2021-AS-2000.

Proposals shall be electronically submitted via FDDC’s Dropbox at <https://www.dropbox.com/request/sT1OQWEzc4GW6v26BuV3>

Due Date: All submissions must be received by 4:00 p.m. EST on January 19, 2022. Please allow enough time to upload your proposal into the FDDC’s Dropbox. Depending on the size of the proposal, it may take additional time to upload. Any proposals received after the date and time set forth above will be considered unresponsive and will not be considered by FDDC.

Submit proposal to: Christina DeMeo, Contracts Coordinator
Florida Developmental Disabilities Council, Inc.
<https://www.dropbox.com/request/sT1OQWEzc4GW6v26BuV3>

Evaluation of Award: All proposals received by the due date and time will be evaluated by the FDDC. Each submitted proposal that is responsive as determined by FDDC by meeting the minimum qualifications and price will be reviewed and scored according to the criteria set forth in the Invitation for Proposals by a scoring committee. The Council will then undertake a risk review of the offeror for each proposal scoring over a 70. This review will consist of three components: (1) a self-assessment of risk completed by the applicant; (2) inherent risk assessment; and (3) an assessment of prior performance if the offeror has previously contracted with the Council.

An offeror will receive a rating of LOW, MODERATE, or HIGH for each applicable component. A rating of HIGH risk does not preclude the offeror from receiving the subaward if determined appropriate under the circumstances by the Council’s State Plan Committee; however, the ratings may be used to determine which subawards may require specific award conditions, closer supervision and/or more detailed

monitoring strategies. The Council's State Plan Committee may also choose not to fund an award based upon the risk assessment if it determines that elevated risk will adversely affect the Council's ability to fulfill its duty as a steward of federal funds.

The Council's State Plan Committee will utilize the Risk Assessment ratings in addition to the score received from the scoring committee as part of the evaluation in its decision to fund the subaward. The State Plan Committee will review the risk assessment ratings for the top-scoring offeror and determine whether or not to fund the top-scoring proposal. If the top scoring proposal is not funded because the Risk Assessment has been determined to be too great by the Council's State Plan Committee or if negotiations with the top scoring offeror are unsuccessful, the proposal will no longer be considered, and the State Plan Committee may review the risk assessment ratings for the second highest scored proposal and determine whether or not to fund the proposal. This process will continue until a subaward is made, or until the State Plan Committee recommends otherwise. Please note that the State Plan Committee may use the prior performance ratings for proposers with a history of contracting with the Council as the deciding factor of an award based on specific experiences of compliance/non-compliance with Council guidelines.

The FDDC reserves the right to reject any or all proposals. No work shall begin until a contract is executed by the FDDC.

The period commences upon receipt of the procurement proposal, by FDDC, and terminates upon FDDC’s approval to award a contract or reject all responses.

When the solicitation silence period is in effect, no oral or written communication is allowed regarding the solicitation between prospective respondents and members of the FDDC, the Executive Director, employees or members of the FDDC approved review committee(s). FORM #6
SELF-ASSESSMENT OF RISK
PURPOSE AND BACKGROUND

The purpose of the Self-Assessment is to obtain an understanding of your organization’s capacity to adequately document, record, track, and report expenditures of federal funds as well as evaluate your organization’s risk of noncompliance with federal statutes, regulations, and the terms and conditions of the resulting subaward. The assessment of risk is a requirement for use of our federal funds.

During the funding process, each submitted proposal will be reviewed and scored according to the criteria set forth in the Invitation for Proposals. The Council will then undertake a risk review of the offeror for each proposal scoring over a 70. This review will consist of three components: (1) a self-assessment of risk completed by the applicant; (2) inherent risk assessment; and (3) an assessment of prior performance if the offeror has previously contracted with the Council.

Based upon the following scale, an offeror will receive a rating of LOW, MODERATE, or HIGH for each applicable component. Please note that a rating of HIGH risk does not preclude the offeror from receiving the subaward. The Council’s State Plan Committee will utilize the Risk Assessment ratings in its decision to fund the subaward.

Score	Rating	Assessment
0-3	HIGH	Requires intensive follow-up and may require action plan to address identified risks. Specific follow-up requirements will vary but may include contract conditions such as providing additional or more detailed financial and project reports; establishing additional prior approvals; or undergoing specific technical assistance. An action plan may be required to address specific areas of identified risk.
4-6	MODERATE	May need improvement or technical assistance to improve identified risks. Specific follow-up requirements for improvement will vary but may include contract conditions such as periodically providing detailed financial and project reports; establishing prior approvals; or undergoing specific technical assistance.
7-12	LOW	Indicates offeror’s internal controls likely to reduce non-compliance or fraud. Requirements typically include standard contract conditions for providing detailed financial and project reports; prior approvals; or technical assistance.

FORM #6
