2023
FDDC CAPITOL UPDATES

2023 Legislative Session Update: April 27, 2023; Volume 23, Issue 7

Budget Conference started on Monday; here are the results to date

Budget items we are following, while negotiating continues, include:

1) \$80 million in iBudget waitlist funding -The Governor wants this funding used for the crisis categories of the iBudget waitlist and the Senate language states it should be used to get the most people possible off the waitlist. The House uses the same language as the Senate with the very notable exception that if **HB 831** passes for individuals who volunteer to get off the iBudget waitlist, half of that funding will be transferred to AHCA for the implementation of the pilot project. In summary, both the House and the Senate agree with the Governor on the amount of funding, but the House has different “proviso

“language regarding how the funding will be spent. **The Council wants to ensure that there is enough funding to assist those in crisis.**

2) Increased rate for Support Coordination- The Senate has an increase of 20% for Support Coordination which moved up from 10% during negotiations and the House went up from no funding to 10%. This equates to \$2.4 million in general revenue offered by the House and \$4.8 million in general revenue offered by the Senate. **The Council supports the largest amount to encourage more qualified individuals to become support coordinators and to stay in the profession.**

3) Dual Diagnosis Mobile Team Pilot Project- This \$3.4 million project to support individuals who are dually diagnosed with a mental illness and a developmental disability, and who are behaviorally unstable and at risk of homelessness was supported by the Governor and the House. Fortunately, the Senate was convinced, and this project will be in the final budget! **The Council supported this pilot project.**
